

## DR. SUN YAT SEN BACKS REBELLION

Calls on President Yuan to Give Up Office in Interest of Peace.

## GOVERNMENT PLANNING AGGRESSIVE CAMPAIGN

Threatens to Sink Every Ship Carrying Canton Expedition of 15,000 Men.

LONDON, July 24.—The Peking correspondent of the Daily Telegraph sends the following dispatch:

"The declaration of martial law here shows that the northern government admits its desperate position. This synchronizes with the creation of a complete confederate government at Nanking. Parliament has not yet been dissolved, but it is unlikely that it will survive a week. The principal newspaper organ of the Kwo Ming Tang party has been suppressed."

"The war news is baffling, but foreign military experts now believe the southern army is in far greater strength than has been supposed. They are pursuing aggressive tactics everywhere."

## Rebel Defeat Denied.

"A private dispatch says the southern army has not been repulsed from the Pukow. Reinforcements are coming daily, and Kwangtung promises 60,000 troops, half of which are due this week."

"It is important to note that the southern provinces which have not seceded are held in check temporarily only because the military (military) governors are Yuan Shi Kai's nominees."

All indications point to a great explosion in Hupai Province. There is a general reluctance among the mercenary classes to hazard their lives and fortunes, and the will of the southern leaders must shortly bring all into line. The problem is insoluble save by the fall of the present regime."

## Sun Yat Sen's Manifesto.

"Dr. Sun Yat Sen, the former provisional president, issued a manifesto to-night, irrevocably backing the rebellion. He makes three appeals, the first to Yuan Shi Kai, recognizing the southern grievances and declaring that just resistance to intolerable tyranny is no rebellion. He concludes: 'I am determined to oppose you as firmly as I did the Manchus. Retirement is absolutely your own course in the face of the present situation.'"

"The other appeals are addressed to the officials and the people and are in the same tone."

"Dr. Sun Yat Sen said to me personally: 'This fight will continue if it takes ten years. I stake my life on the issue.'"

## Government Is Confident.

PEKING, July 24.—The government professes to view the revolutionary movement in the south without alarm. The southern troops from Nanking, known as the "Punish Yuan" expedition, have suffered a fresh reverse and taken from Suchow and taken up a strong position at Linhai, in the adjoining province of Anhwei, where the Tientsin and Nanking railway crosses the Ili river, to the arrival of the Canton expedition, which is expected to land 15,000 troops at Pukow."

## Severe Fighting in South.

SHANGHAI, July 24.—Southern rebels reported to number 10,000 attacked Kiangnan arsenal early Wednesday morning. The defenders, not exceeding 5,000, were strongly intrenched and assisted by the navy, repelled three successive attacks. The fighting lasted for three days and a half. According to estimates, 600 rebels were killed. Another attack was repulsed Tuesday morning.

Some reports state only 3,000 southern rebels were engaged in the attack, but their casualties largely exceeded the original estimates. Many of the killed were civilians. The attacks were delivered simultaneously from three sides. The rebels have been enabled to perfect their plans through the existence of the system of foreign settlements and concessions, and that if the system did not exist the rebellion would not have occurred."

## Leap From Electric Auto.

Two ladies enjoying a ride through Potomac Park last night about 9 o'clock came near going overboard when some distance below the end of the railroad bridge. A new road is being built along the river front and when the electric machine in which the ladies were riding left the road and coasted toward the river the two occupants were forced to jump to prevent going overboard.

The identity of the ladies was not learned by the police who investigated the accident. Mrs. Maud H. Doyle, owner of the machine, stated that she hired the car to two ladies last night. Today the car was taken from the river."

## LEATHER GETTING SCARCER.

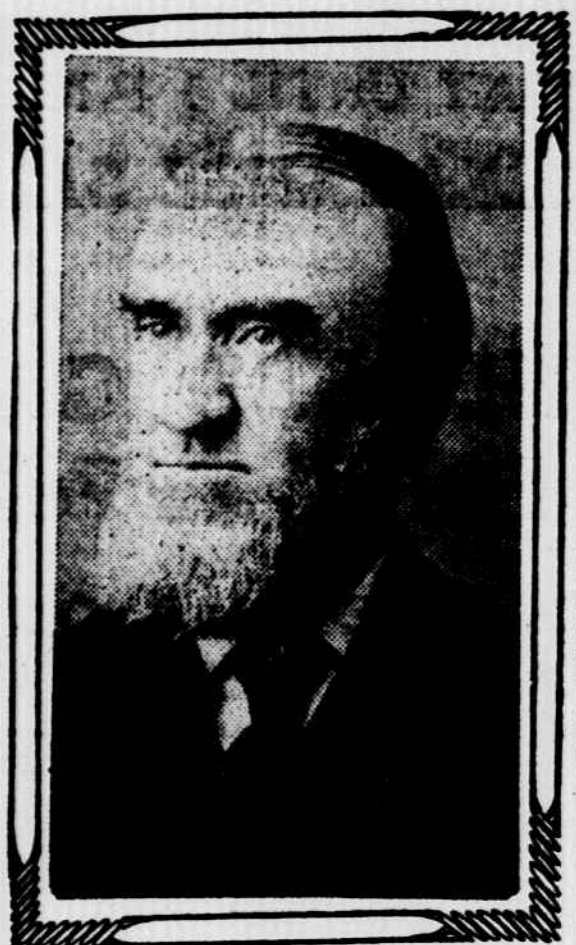

Speaker at National Convention Foresees Substitute in Near Future.

PHILADELPHIA, July 24.—The growing scarcity of heavy leathers and the necessity of seeking a substitute in the near future was dwelt upon by S. W. Anderson in a paper read at yesterday's session of the National Shoe and Leather Finner's convention.

The high cost of sole leather is already causing concern to manufacturers," he said. "The increasing population is causing over more and more of the lands formerly available for grazing and as the grass country is harrowed, leather becomes more difficult to obtain," said Mr. Anderson.

## DEATH OF DR. SMITH; RESIDENT MANY YEARS

For More Than Half Century Practicing Physician Here. Senate Page in Youth.

DR. THOMAS C. SMITH.

Dr. Thomas C. Smith, for more than a half a century a practicing physician in this city, died at 3 o'clock yesterday afternoon at his home, 1133 12th street northwest, as the result of an acute digestive disorder. Funeral services will be held at 2 o'clock tomorrow afternoon at McKendree M. E. Church, Massachusetts avenue near 9th street. Interment will be in Congressional cemetery.

Dr. Smith was born in this city August 16, 1842, and at the age of seventeen years was appointed a page in the United States Senate. He served with the late Senator Gorman, who was then a page. He attended the local public schools and later was a student at Gonzaga College. His medical education was received at Georgetown University Medical School, from which he was graduated in 1864. Just before the close of the civil war Dr. Smith served as a volunteer in the Army Medical Corps.

## Second Oldest Member of Society.

Dr. Smith was second oldest member of the District of Columbia Medical Society. He served as its president for one term and for thirty-five years had been its corresponding secretary. He was a trustee of Emergency Hospital when he died. He was president of the Obstetrical and Gynecological Society from 1887 to 1889, and was consulting physician in obstetrical cases at Freedmen's and other hospitals. He had been a trustee of Dickinson College, Carlisle, Pa., for seventeen years, and was president of the board of trustees of the Methodist Home for the Aged. Dr. Smith is survived by a son, Dr. Hugh M. Smith, commissioner of narcotics, and a daughter, Miss Alice C. Smith. Dr. Smith's wife died four years ago. She was Miss Cornelia F. Harned of this city.

## RICHEST MARINE IS DEAD.

Would Have Received \$165,000 From Uncle's Estate.

PHILADELPHIA, July 24.—Shipmates of Wilbur Martin, a young marine who died in a hospital here Monday night, declared he was one of the wealthiest enlisted men in the United States Navy. They say he was a beneficiary under the will of his uncle, who died in St. Louis to the extent of \$165,000, provided he completed his enlistment, which would have expired next September.

An autopsy was performed today to discover the cause of Martin's death. He was found dying in the Tenderloin district. It is believed he may have been a victim of knock-out drops.

Martin was attached to the battleship Connecticut.

## VALUE OF MEADOW LARK.

Boll Weevil and Alfalfa Weevil His Favorite Articles of Diet.

An especial appeal for the protection of the meadow lark is made in a paper issued by the Department of Agriculture today. The department calls attention to the fact that in some localities the lark has been regarded as a game bird, though it is protected under the new federal regulations.

It has been said in defense of killing the lark that it eats sprouting grain, but the department says even admitting this, the diet of the lark consists of about five pounds of insects to half a pound of sprouting grain. The bird catches a large variety of insects, but it has come now to feed on both the cotton boll weevil and the alfalfa weevil where they are plenty.

## PEACE PARLEY IN BUCHAREST.

Servia and Greece Agree on Place for Negotiations.

SOFIA, Bulgaria, July 24.—Servia and Greece have agreed that peace negotiations with Bulgaria should take place in Bucharest. An armistice is being arranged in Nish and will probably be concluded within a couple of days.

Greece insists that the armistice and the agreement for peace negotiations be signed simultaneously. Roumania has refused Turkey's request to participate in the peace conference. The powers have consented to these arrangements.

Lieut. Gen. Nelson A. Miles, U. S. A. (retired), has made an appeal to the American Red Cross for funds for Macedonian refugees.

## Estes Park, Colorado

The Garden of Allah

A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the eyes glow and the eyelids glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipice in the world.

In Estes Park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high-class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it's ideal place to rest and regain perfect health.

Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable Ranch boarding houses and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am glad to lend a helping hand. Let me attend to all the details. Call or write for an Estes Park pamphlet—today before you go.
